

## SONG IN MY MUSIC..

You're ....the song in my music,  
And rhythm, chorus and melody.

You're the picture artists cherish,  
To adorn canvas with colors lavish.

In poetry, all rhyme and meaning,  
Pearls of words my pen helps string.

Kindness that dwells in my heart,  
And patience, devotion and courtesy.

Taste in vanilla, sweetness of honey,  
Cold comfort of chocolate ice cream.

Fragrance in lavender, rose and jasmine,  
Essence of all aromas that's so divine.

The rustle of leaves, filtering sunlight,  
Dew drops, flush of colors autumn paints.

Lofty mountains and snow-capped peaks,  
Lush carpet valleys, and meandering streams.

Colors of rainbow that lift all hearts,  
Blush of sunrises and flaming sunsets.

Cool blue of moon in bloom,  
That drive maidens oh! swoon.

All my dreams that make feasible,  
Fantasy journeys and flights of fancy.

You fill my soul with all in nature,  
Good, gentle, soft, sweet, subtle and sublime!
