

Leatha Tampke RN, FNP

Objective: Recently graduated Family Nurse Practitioner, dedicated and focused for family care, with extensive RN hospital based experience in caring for patients in a critical care setting; seeking a full time position with a company focused on providing holistic and preventative care to patients and their families.

Experience:

Flex Pool Staff RN – Medical Center Hospital, Odessa TX April 2014 – Present

- Part-Time - Working in the flex pool part time has allowed me the flexible schedule needed to complete my master in nursing degree. Working in the flex pool with my particular experience provided the hospital with an available staff member ready and willing to work wherever needed including: medical, surgical, orthopedic, post-partum, telemetry, ICU/CCU and ER.

Staff Nurse, Intensive/Critical Care Unit – Midland Memorial Hospital, Midland TX 2006 – 2014

- Assess and treat patients with critical conditions, including respiratory failure, acute congestive heart failure, acute myocardial infarction, drug overdose, massive trauma, recovery of post-operative CABG, recovery of post-operative craniotomy. Provide expert care for patients with chest tubes, SWANZ and cardiac output monitor, external pacemaker, bladder pressure monitoring, ICP monitor, manage arterial and central venous pressure lines, and participate on (Crisis Assessment Treatment) Cat/Code and Trauma teams. Assist with bedside procedures such as: thora/paracentesis, colonoscopy, bronchoscopy, arterial line placement, cardioversion, emergent intubation, insertion of chest tubes.
